

To All NCRCHA Members:

In the past four years, the club has ran it's monthly newsletter in the Cascade Horsemen Magazine. The magazine changed ownership the past couple months and some of you may have noticed missed issues or delayed issues. After reviewing the cost and the limitation on the size of our newsletter (it was changed to 2 pages of news) the board has decided to no longer use the Cascade Horsemen for our newsletter disbursement, but to provide it on the updated website & to generate a couple special mailings to club members throughout the year as needed. Our final issue of the Cascade Horsemen per our contract is thru the June 2009 issue.

This being said, you have or are probably going to receive a card from the Cascade Horseman direct within the next few days asking for a renewal of your subscription. They are doing a mass mailing regardless of the fact if your membership was paid through our association or privately. If you wish to continue your own subscription to the Cascade Horseman, than you will need to send a subscription and payment in. If you want the magazine due to just our newsletter, than disregard the notice & the June issue will be the last issue you receive.

Christie Capik per  
NCRCHA Board of Directors
